WIRELESS TELECOMMUNICATIONS BUREAU ACTION

REGION 45 (WISCONSIN) PLANNING COMMITTEES ANNOUNCE

700 MHz REGIONAL PUBLIC SAFETY PLANNING MEETING AND NPSPAC 800 MHz REGIONAL PUBLIC SAFETY PLANNING MEETING (PR Docket No. 92-273)

The Region 45 (Wisconsin) Regional Planning Committees announce that they will hold two planning meetings on Wednesday, May 18, 2005, from 1:00 p.m. to 3:00 p.m. at the Portage County Annex Building, 1500 Strongs Avenue, Stevens Point, Wisconsin. Region 45 encompasses the State of Wisconsin, except for Dane, Dodge, Jefferson, Kenosha, Milwaukee, Ozaukee, Racine, Rock, Walworth, Washington, and Waukesha Counties.

- This special Region 45 700 MHz Public Safety Regional Planning Committee meeting will include an election for a Committee Chairperson, along with an opportunity for review of the Region 45 700 MHz plan, a draft of which is currently under review by adjacent regions.
- The Region 45 800 MHz Public Safety Regional Planning Committee meeting will also include an election for a Committee Chairperson, along with the opportunity to learn more and network regarding the 800 MHz Nextel rebanding issues for the region.

Both of the Region 45 Public Safety Regional Planning Committee meetings are open to the public. All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in Region 45 would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of the Public Safety spectrum in the 700 MHz, 800 MHz and/or the newly allocated 4.9 GHz band within Region 45 are encouraged to attend. For further information, please contact:
